CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

Found Dead—Tried to Drown Himself.
Burglars—Dr. McCall ties to Pewee Valley—Snake story—Vagrants—Shoulder Dislocated.

Convicted of Vagrancy.
Jim and John Brooks, both colored, were before Judge Hanbery yesterday, charged with vagrancy. They were each given 30 days in the work house.

New Church for Fairview.
The Cumberland Presbyterians of Todd County are now deeply interested in building a new church at Fairview. The proposed cost is \$1,500, and Rev. S. G. Griffin is in advance of the movement.

Change of Base.
The plant of the Fairview Review is being removed to Pembroke this week and will be operated by Messrs. Barnea & France, in a partnership arrangement with Esq. W. B. Brewer, the owner. The name of the paper will be changed to "The Review," and the first issue will appear May 7.

Parmer sent to the Asylum.

Speed A. Skeen, of the Johnson's Mill country, was adjudged of unsound mind by a jury in this city yesterday morning, and ordered sent to the asylum. Skeen's affliction is thought to have been caused by paralysis. When about five years old he suffered a stroke and has never fully recovered.

Jim Fruit Tried.
Jim Fruit, who smashed the jawbone of John McGaughey in a fight at the L. & N. rock quarry several weeks ago, was tried Friday before County Judge Breathitt. This case had been continued several times, on account of McGaughey's condition. Fruit was fined \$100 and sent to the work-house. Both parties are colored.

Burglars at Caledonia.
The general merchandise store of Esq. Jeff Hammond, at Caledonia, Todd county, was entered by burglars Friday night. They succeeded in getting away with a small amount of money and some groceries. Mr. Will Hammond, who had been fox hunting, returned about midnight and hearing a noise in the store as he passed the building went to the front door. The thieves heard him and went out the back door, making their escape in the darkness. This is the second time Esq. Hammond's store has been burglarized in the past few months. The first time they made a big haul.

The Snake Colled Around Him.
Esq. Jas. M. Clark, of the Crofton neighborhood, had a queer experience with a large black snake last Saturday. He was out in his field at work when the reptile suddenly struck at his legs, but failed to bury its fangs in the flesh. It then quickly coiled itself around his legs and threw Mr. Clark to the ground. In trying to extricate himself from the grasp of the snake, he exerted himself to such an extent that he was made very sick and has since been confined to his bed in a delirious condition. Esq. Clark has always had an aversion to snakes and the attack is said to have frightened him almost to death.

Injuries Proved Fatal.
Ed. Stewart, the negro whose skull was fractured by a lick on the head with a wagon spoke, in the hands of Henry Adams, another negro, died Friday morning. Adams is in jail and the next grand jury will in all probability indict him for murder. Stewart was about 40 years old. When the fatal lick was struck Stewart was chased by the blow and fell, but soon recovered sufficiently to go to police headquarters and swear out a warrant for Adams' arrest. Later in the day blood began to flow from his ears and he soon became unconscious. Two days before his death an operation was performed on his head and pieces of fractured bone were removed. He seemed for a while to rally, but became rapidly worse Thursday afternoon and died as above stated. An inquest was held over Stewart's body and the jury returned the following verdict:

"We, the jury, find from the evidence that Ed Stewart came to his death April 23, 1897, from the effects of a blow on the left side of the head, just over the ear, with a large wagon spoke in the hands of Henry Adams, on the 16th of April, 1897. We further find that the difficulty was provoked by Adams, who gave the blow with-out cause."

NEW MASONIC HALL.

Will Be Opened to the Inspection of the Public at a Strawberry Supper Thursday Night.

The painters are now giving the finishing touches to the magnificent new Masonic Hall and the rooms will be occupied for the first time at the regular meeting on May 3. The rooms, four in number, have been papered and all but the main lodge room have been carpeted. A new carpet has been ordered for this room, which is 40x50 feet and the finest lodge room in Western Kentucky, if not in the entire State.

The third floor of the Ragsdale, Cooper & Co. building, upon which the hall is located, is reached by a handsome stairway landing in a roomy hall. The first door to the right leads into the Tiler's room, an apartment about five feet square with doors opening into three adjoining rooms. That to the left communicates with the lodge room, that in front opens into the ante-room proper, about 15x20 in dimensions, and that to the right enters the banquet hall 40x50 feet. This room is in the south end of the building, the lodge room in the north end, with the two smaller rooms between them. The Tiler's room is papered in blue, the ante room is carpeted in blue, the hall in blue and the lodge room in blue. The paper is of the handsomest designs and all of the wood is of oak finish. On the west side of the lodge room, the long hall in which the stairway lands has been enclosed, making a recess 60 feet long and about 10 feet wide, which will be cut off from the hall by curtains only. This makes a very handsome apartment, that may be used for a sort of retiring or smoking room, while the heavy curtains will give a very cozy aspect to that side of the room.

The ceilings are all high and the ventilation is perfect. The new carpet for the main lodge room has been ordered at an expense of \$350. This will be put down this week.

The lodge room has been fitted up to order on a ten years' contract at \$250 a year.

The general public will have an opportunity to inspect and admire the handsome appointments next Thursday night, when the wives and daughters of the members will give an ice cream and strawberry supper in the Hall for the benefit of the carpet fund. The social features also will make the affair a very pleasant one and large attendance is confidently expected. A nominal admission fee will be charged.

ATTEMPTED SUICIDE.

Mrs. Nannie Gray's Narrow Escape From Drowning.

Mrs. Nannie Gray, widow of the late Esq. Josiah Gray, of the Fairview neighborhood, was found in a pond near her house Sunday afternoon, in a helpless and almost unconscious condition. She was lying in shallow water, with her face barely covered by her face, and was struggling to death when rescued by one of her sons, who had gone to the pond to water his stock. She was taken to the house, a physician speedily summoned and she soon revived.

She expressed regret that she had been taken out of the water, and there is no doubt that she contemplated suicide.

Mrs. Gray was about 65 years old. No cause was given for the attempt to take her life.

SHOULDER DISLOCATED.

Pee Dee, Ky., April 24.—Mr. J. J. Faulkner, who works on P. V. Carter's farm in the Rich neighborhood, met with quite a painful accident last night. He was returning home from Herndon, when his horse stumbled, throwing him violently to the ground, dislocating his left shoulder. Mr. Faulkner fell from a horse about two months ago and broke his right wrist.

LOGAN COUNTY ASSIGNMENTS.

Guthrie, Ky., April 24.—Yesterday afternoon C. J. Kempf and C. H. Hibbs, Logan county, Ky., plauters, filed deeds of assignment. Kempf assigned a tract of land valued at \$2,500 and personal property valued at \$500. His indebtedness is said to be \$1,300. Hibbs' schedule shows that he owes \$2,200 and has property valued at \$8,285.

OFFICIAL TIME TABLE.

The change of run on the C. & P. branch of the L. & N. went into effect yesterday. The train leaves Clarksville daily, except Sunday, for Gracely at 9:20 a. m., arriving at the latter place at 12:10 p. m. It leaves Gracely 1 p. m. and arrives in Clarksville at 3:55 p. m., connecting at Princeton Junction with the Elkton accommodation. The train will also make a trip to Guthrie every evening as follows: Leave Clarksville at 6:45 p. m. and reach Clarksville on the return trip at 7:50 p. m.

Bob Franklin won the Democratic nomination for commonwealth's attorney in the Frankfort district.

DEBOE FELL SHORT.

THE NEW NOMINEE LACKED TWO VOTES SATURDAY.

Although Hunter's New Fanny Friends Were Delivered To Deboe—Lieberth And Linsey Blacken The Game.

Frankfort, Ky., April 24.—The Republicans were unable to elect their new nominee, Dr. Deboe, at today's joint session, being unable to muster a quorum. Two of their number were sick and paired, Senator Linsey of Louisville, paired this morning with Senator Henry L. Martin, while Representative George Lieberth, who was the Holt leader in the caucus, refused to participate in the joint session to-day because of a deal between Gov. Bradley and the Deboe leaders, by which the five former bolters are alleged to have been induced to go to Deboe. Appeals were made to Mr. Lieberth, but he refused to yield; not because he had anything against Deboe, but because, he said, he would not become a party to the election of a man made possibly by such double-dealing.

Finding that nothing could be accomplished by continued balloting, the Republicans agreed to an adjournment.

APPELLATE JUDGES' CLERKS.

The House refused to suspend the rules, and unfinished business was taken up. The first thing was the Senate amendment to the Court of Appeals Relief Bill, which provided that seven clerks be employed by the Appellate Judges, and that \$5,000 should be appropriated each year for them during a period of two years, in order that the Judges might catch up with the work on their hands. There was so much confusion for no apparent cause that it was nearly 11 o'clock before the House got down to business. Mr. Lunsford said that the Relief Bill was for the purpose of the poor litigants as it would enable them to get their cases through the Appellate Court much quicker. A vote was taken at 11:30 o'clock, and the bill as amended in the Senate was passed by a vote of 53 to 40. A motion to reconsider was tabled. The bill was introduced by Mr. W. P. Thomas.

IN THE SENATE.

In the Senate (the Committee on Revenue and Taxation reported a substitute for House bill 86 providing for payment of interest on warrants. The substitute provides for payment of interest on all warrants from the time they are issued, and that warrants must be called in for payment in the order in which they were originally issued. The substitute was adopted and the bill passed by a vote of 30 to 1.

The same committee reported the House bill increasing, for three years, the rate of taxation from 42 cents to 52 cents on the \$100 with an amendment making the rate 47 cents indefinitely.

The House bill allowing the State-anything to borrow money to pay the indebtedness was also reported with an amendment providing that such indebtedness should be paid out of the per capita fund instead of out of other money. These two bills went into the orders of the day.

Mr. Sims presented a resolution appropriating money to pay the expenses of the Bell Crumbaugh contest, Capt. Bell to receive \$400 and Mr. Crumbaugh \$351.

MRS. POOL FOUND DEAD.

Clarksville, April 24.—Yesterday afternoon Mrs. Hester Pool, a widow, of this county, was found dead on the farm of Jacob Rinehart, with whom she made her home. She was 81 years of age, and it is thought that ailments incident to old age were responsible for her death.

THREE NEGROES ARRESTED.

Guthrie, Ky., April 24.—Yesterday afternoon three Negroes were arrested near here, by Town Marshal Rickman and Freight Agent J. H. Akers and locked up. They were wanted at Russellville, for robbing the caboose of a freight train there night before last and for robbing and shooting into a train yesterday morning.

SMALL BURNING.

Sturgis, April 24.—The Cumberland mines are still burning. It was thought the fire was out, but a new entry was opened and the flames started afresh. It is thought they can be controlled by a week's hard work and the "cave" will be a good deal of money. The burning of the mine caused the assignment of the company a week or ten days ago.

Caldwell County Republicans have nominated as follows: N. C. Hoover, Representative; W. S. Randolph, County Judge; C. A. Tansill, County Attorney; J. L. Perry, Jailor; D. A. Lowry, Circuit Clerk; John T. Lamp, County Clerk; F. S. Loyd, Assessor; R. R. Morgan, Sheriff; J. W. Black, Coroner; Jack Phelps, Constable in the Princeton district.

DEMOCRATIC TICKET.

Circuit Judge,
THOMAS P. COOK,
of Calloway.COMMONWEALTH'S ATTORNEY,
W. R. HOWELL,
of Christiana.

Hon. Jas. L. Lloyd has been nominated for Congress in Missouri, to fill a vacancy caused by the death of Mr. Giles, a Democrat. The district is safely Democratic.

Editor John J. Barry, of the New Haven Echo, and Editor John J. Barry, of the Uniontown Telegram, have their respective identity protected by only one small vowel.

It is said France is watching the affair between Turkey and Greece. Perhaps M. Grey may be called upon to take a hand, unless he is out of politics.

Ohio elects a governor this year and all the indication, point to a Democratic victory. Allen W. Thurman is liable to be the nominee for Governor.

An attempt was made last Thursday to assassinate King Humbert, of Italy, as he was on his way to the races. An attempt was also made about the same hour to assassinate President Borda, of Uruguay.

The Dispatch has already done some good. On the day after it came out the Courier-Journal's respect for "silverites" was increased to such an extent that it referred to the Democratic leader as "Hon. W. J. Bryan."

Watch your date of expiration and renew promptly if you want the Kentuckian, as we do not force the paper upon unwilling subscribers. If your paper fails to come, it may be that your time is out.

Harvard M. Sewall, a son of the late Democratic candidate for Vice-President, has been appointed Minister to Hawaii. If a rank partisan was desired, young Sewall appears to fill the bill, as he is the young chap who gained some notoriety last year by voting against his father.

Deboe may be elected, but it does not necessarily follow that he can be re-elected. There are several legal points to be passed upon by the Senate before the contest may be regarded as finally ended. Deboe may disappear down the same road that A. T. Wood went last winter.

That two column roast of Grover Cleveland in yesterday's Courier-Journal was about the best reading that publication has contained for a year or more. Some of it was so hot that Ex-Mr. Hani appeared to be smoking shies to use on his sackcloth when he gets tired running with his present associates. Is it possible that he is trying to beat the Post back to the Democratic party?

The Kentucky Press Association will meet at Middlesborough June 17 and 18. The western members will meet at Louisville and leave on the morning of the 17th, reaching Middlesborough that night. On the morning of the 19th the association will leave via Knoxville to Chattanooga and spend Sunday on Lookout Mountain. Early Monday the party will leave for Nashville, arriving about noon, and spend several days taking in the exposition. The literary program has not yet been announced.

Congressman Seth L. Milliken, one of the Maine members who has long been in the House, died last week. A day or two later Hon. W. S. Holman, the "Objectioner" from Indiana, one of the four Democrats from that State, also passed away. He had been for twenty years in public life and had just returned to Congress after an absence of two years. It has about been decided that Ex-Gov. Burleigh will succeed Mr. Milliken. There will be a hot contest for the Indiana seat.

The Dispatch has had a phenomenal experience in the history of newspapers. It had an established daily circulation of over ten thousand when it started, with agents all over this State and southern Indiana ready to deliver the first issue. Every day since it started its circulation has increased at a rapid rate, and on Wednesday morning the extraordinary demand for the paper made it necessary to start the press again after the regular edition was exhausted and print one thousand additional copies. The Dispatch to day has a larger circulation than any other morning newspaper published in Louisville, and outside of the city its circulation is more than double that of the other morning papers all combined. These facts the advertisers will soon learn, because they are known to every man who travels the State outside of the city.—Louisville Dispatch.

Dr. W. J. Deboe, State Senator from the Crittenden county district, was nominated for Senator in the Republican caucus last week, after having made a deal with the Bradley men. Dr. Deboe is a fourth-rate lawyer, who is a doctor before he went into law and politics. He is not only a dark horse but a very short horse, and will rattle in Joe Blackburn's seat like a bean in a bladder. There seems to be but little doubt of his election to morrow, when the paired Republicans are on hand to make a quorum. Two or three Republicans refused to vote Saturday, but they are holding out for promises and will be whipped into line. Two of the goldbug traitors also voted for Deboe and the third may do so. This gives him 73 votes to secure the necessary 70 from, and the end of the long contest appears to be at last in sight.

The Louisville Dispatch continues to improve and its news service is in some respects far ahead of the associated press papers. In the foreign news department this is particularly the case, its reports of the Grecian war being from special New York correspondents. The Dispatch has met with a reception never before given a paper in the west. It is now offering to forfeit \$100 to the Louisville charity association if it cannot prove that its circulation is greater than that of any other daily paper in Louisville. It has at one bound assumed the leadership of the Democratic party in Kentucky and forced the Courier-Journal to look to the Republican party for its support. The paper is well edited, neatly printed and up-to-date, and on its whole-house is painted the words "Come to Stay."

The war between Turkey and Greece is now the great news feature in all the daily papers. Owing to the difference of twelve hours in time, the news is received here and given to the public ahead of the hour it occurs in Greece. For instance a battle occurring at 11 o'clock a. m. is reported in the morning papers of the same day, issued at 4 o'clock in the morning. The latest information is favorable to the Turks, whose invasion of Greece was stopped a week ago. They have now captured both Tynovo and Lerissa and the indications are that the plucky little army of Greeks will soon be overpowered by superior numbers.

Miss Beatrice Cunningham, a talented young lady of Trigg county, with literary aspirations, has written a little story entitled "Jacky, Jacky, Jacky," an advance copy of which lies upon our desk. It is a handsome paper bound volume and the literary merits of the work are decided and pronounced. Miss Cunningham possesses undoubted genius and her first volume deserves a circulation that will encourage her to pursue the career her ambition has marked out.

Humane and Republicans have found in Logan county. The Hannacres are to name the candidate for county judge, attorney and clerk.

An Abscess

In the Stomach Caused Great Suffering—Was Confined to the Bed But Now Able to Work.

"In October, 1886, I had an abscess in my stomach. I was taken with pleurisy and coughed very badly. I was treated by physicians but did not improve. I gave up all hope of ever getting well. My right side was swollen and I was not able to walk across the room and was confined to my bed. I was advised to try Hood's Sarsaparilla and began taking it. In three days I could see a change for the better. I kept on taking Hood's Sarsaparilla until I had taken four bottles and continued to improve. I am now able to do a good day's work on the farm." M.
